## WHY THIS APPROACH SAVES ₹60,000+ ANNUALLY

A comparable custom Shopify store with custom Lookbook apps, Story Reel plugins, and multi-tier variant addons incurs **$29–$79 monthly fees (₹30,000–₹80,000/year recurring)**, plus 2% transaction charges. This custom Next.js 16 build is 100% owned by Vani Collection with **zero recurring app subscriptions, zero transaction commissions, and lightning-fast sub-second speeds.**
